## 3:45 pm Adjourn

This year we have the pleasure of celebrating the 25<sup>th</sup> Anniversary of the Northwest Wisconsin Lakes Conference! Not only does this event promote lake stewardship, it builds partnerships, increases knowledge, stimulates action, and fosters the next generation of lake protectors. We host and attend this conference because we love our Northwoods lakes and want to ensure their health for generations to come. Help us celebrate this milestone and be a part of lake protection for the future.
